

## Pineapple Upside Down Cake in a Dutch Oven

### Ingredients:

1 can sliced pineapple  
small bottle maraschino cherries  
1 white or yellow cake mix  
1 egg (if you have one handy)  
12 oz. can lemon lime soda pop  
½ stick of butter  
½ cup of brown sugar

### Directions:

(For proper temperature control, remember the rule of 3!!)

Prepare your oven by lining it with aluminum foil

Mix the cake mix using the juice from the pineapple and some soda pop

Mix in an egg if you choose to

Place the oven on the coals to heat it up

Melt the butter and add the brown sugar

Place the pineapple rings and put a cherry in the center of each ring

Pour on the cake mix

Cook approximately 25 minutes

Using a tooth pick insert it into the cake and remove it to see if it's done

If it comes out clean ....It's ready!

Remove the coals from the lid and brush it clean.

Place a pan or cookie sheet the size of your oven on top and in one smooth motion flip it upside down.

Gently remove the tin foil and unveil your masterpiece!
